

Yvon Cyr Acadian Genealogy discussion during the Acadian Memorial Festival on March 15, 2008

In 1991, I setup (and continue to maintain) the **FIRST Acadian-Cajun Genealogy** web site on the Internet... my Acadian Genealogy Homepage located at <http://www.acadian.org/>

In consideration of the "Congrès mondial des Acadiens" (1994) got the idea of getting an Acadian CD-ROM produced, using GEDCOMS in April 1994 I undertook the personal non-profit project of getting an Acadian CD-ROM produced, for the benefit of my Acadian cousins.

author a **SECOND Genealogy CD-ROM**. The "[Acadian-Cajun Family Trees](#)" was and released just in time for the Congrès Mondial Acadien; 1999 in Louisiana.

I am now diligently working on a new project... to make available [Family Genealogy CD-ROM's](#) for 'specific' Acadian-Cajun families.

Latest 'project' has been to source suitable Family Crests for use on the unique products now being offered on my Acadian-Cajun & French-Canadian Online Boutique, located at <http://www.cafepress.com/acadstore/>

And finally, I now issue a "free" monthly Newsletter providing Acadian-Cajun (and some French-Canadian) resource information.
